It will thus be seen that on the Memorial works both at Calcutta and Seringapatam a sum of Rs 5,200 is being spent and provided every year in the Muzrai Budget as follows

It be considered that the amt of Rs 5,200 should be debited to the original provision of Rs 12000 per year, even then a sum of Rs 6,800 per year is still available for being otherwise utilized.

(1) Tulamara sanitarium at Seniyapatam every year which amt to about 1500 Rs,

(2) for repairing the upper Terupati Chattram building, as the funds at the credit of this institution are dwindling away owing to excess expenditure necessary to be incurred in this Chattram for a few months past.

monthly allotment of Rs 1000 in memory of his late Highness noted in Sir. K. Seshadri Iyer's memo of 1895 is I am afraid more or less academic as there not been able to have so far any papers that orders of Govt have been definitely passed on the lines of the memo. I am therefore the enquiry in the fond hope that the balances after allotments will come in very handy to provide funds for the Infirmary Santaspeet and to place the Hospitals Charities on a satisfactory footing.

As regards the Infirmary Santaspeet itself, it is the fact that it is not practicable to limit the expenses within any rigid limits. The Cost has been increasing from year to year as indeed it is bound to when Govt undertake to feed without any limitation of numbers. Last year the expenditure came up to about Rs 1350 and a provision of Rs 1500 will have to be made if some margin is to be allowed for the increase yearly within the next few years.

As noted in file no 207

the temples of Chandra Mukheswar and Mauri Mukheswar will perish between them Rs 875/- and we will have yet to find Rs 625/-. As regards the latter I shall suggest the ways and means when I take up the question of the reorganisation after the estimates. In the meanwhile if funds for the purpose are immediately required, the Commissioner at Seringapatam which has an accumulated Surplus can legitimately be asked to contribute
